A - Module 30

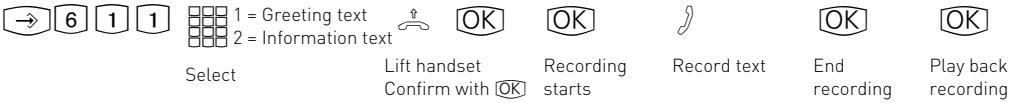
AGFEO Telekommunikation

Answering Machine Short Manual

Recording and playing back a greeting/information text

A default greeting and a default information message are stored. You can customise the texts.

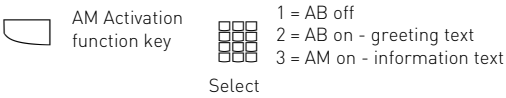
Example: Text for primary internal number



Select — Lift handset, Confirm with OK — Recording starts — Record text — End recording — Play back recording

Press →612 to record and play back the text for the secondary internal number.

Switching the answering machine on and off



Select

Without function key: →6121 - primary internal number, →6122 - secondary internal number

Viewing and listening to messages on your ST 30 AM

Mail key flashing - new message. Mail key lit steadily - old message already checked

Select — Confirm selection — Select — Confirm selection

If there is only one call list or message for the answering machine, the "Select" option is not required; the call list or message for the AM is immediately displayed.

Functions during playback

You can enter commands to control the answering machine during playback.

►	Listen to next message
◄	Listen to previous message or repeat current message from beginning
⇧ ►	Listen to all the messages on the answering machine one after another
⇧ 🔊	The playback volume through the loudspeaker can be temporarily adjusted using the arrow keys ◄ ►
1 or 2	"2": Temporary playback at double speed, "1": Normal playback
Clear	Clear displayed message
⇧ Clear	Clear all the messages from an answering machine
Stop	End playback/display
OK	The external or internal number shown on the display is dialled

Recording a memo

You can utilise your ST 30 AM as an acoustic notepad, such as to log phone conversations and to record memos or other verbal notes.

Recording a phone conversation (Logging)

Internal/external telephone call	AM Memo function key Start call	AM Memo function key End recording

Handsfree memo recording

AM Memo function key	Record memo (handsfree)	AM Memo function key End recording

Recording a memo via the handset

	AM Memo function key		AM Memo function key	
		Record memo	End recording
